10 Minute READ To Easy Secrets !

\$3,000 every few days on ebay !

This is the best \$1.99 you will ever spend !

I STARTED MY EBAY BUSINESS AND MADE ABOUT \$3,000 IN 21 DAYS! (SEE COPY OF MY EBAY SUMMARY BELOW). You can too !!!

Let's make easy for you in 4 easy steps.

- 1) Join **ebay**, read all their online resources **AND** buy "The Official **ebay Bible**" by Jim "Griff" Griffith. **READ IT !**
- 2) Buy 20 cheap items on **ebay** and pay for them **FAST**. They can be cheap \$1-\$5 dollar purchases. This will get your feedback score up to where people trust you and will buy from you. You want your feedback score over 10 as soon as possible.
- 3) List **ALL** the items in your home that you do not want on **ebay**. Set the opening bid for 20% or less of what the value of the item is. Don't get greedy, before now the item was just **JUNK** in your garage or closet. You are not making the big bucks right now, you are just raising "starting capital" for your **\$2,900 Every Few Days new venture**. Suggest you check to make sure the shipping you charge would cover the item being shipped to anywhere in U.S. PLUS a small extra cushion for handling and surcharges.
